School History

Our school was established in the 47th year of the Republic of China. It attached to Mingjian Junior Middle School (the present Mingjian Junior High School) and was named as Sanguang Branch. It was renamed as Sanguang Junior Middle School independently in August of the 51st year of the Republic of China. Due to the implementation of the nine-year national education in August of the 57th year of the Republic of China, it was renamed as Sanguang Junior High School.

Location & Surrounding

Sanguang Junior High School is located in the middle of Mingjian Township. Most of the students graduated from Gongxie Elementary School, Zhongshan Elementary School, Mingkang Primary School, and Qiaoxing Elementary School. Parents of

this school district mainly make a living on the land; they grow tea plants and pineapples. In other words, Sanguang is a typical rural school.

Meaning of School Name

The school name “Sanguang” originated from the famous Chinese wisdom book “Three Character Classic”(San Zi Jing). In this ancient book, it says “Tri-lights, a boon; Sun, stars, moon.” Therefore, our school name implies the vigour of the three luminaries.

Sun: The sun is a symbol of energy. It corresponds to one of the core competencies of 12-Year Basic Education, namely, spontaneity. We hope our students are energetic and self-confident.

Moon: The full moon is a symbol of beauty. It corresponds to one of the core competencies

“communication and Interaction.” With the smooth parent-teacher communication, we create maximum benefit for our students.

Stars: The stars represent attractive glamour. And they correspond to one of the core competencies “social participation”. We build a warm and harmonious campus culture. Therefore, our school works well in a team environment.

School Vision

We believe that the essential role of school is to guide the students to develop mature character. Thus we provide our students with a prosperous learning environment, in the hope that they grow up to be grateful, creative, energetic, and positive. Furthermore, they learn it's important to seize every opportunity to broaden their horizons and to devote themselves to a bright future.

Campus

Our campus has a total area of 21010.69 square meters. It was rebuilt in the 93rd and 95th year of the Republic of China separately. It's also worth mentioning that on the 60th school anniversary, the three main buildings were named according to the school name: XIANG YANG LOU (Administration Building), MAN YUE LOU (Teaching Building), and CAN XING LOU (Specialist Building). Nowadays, we possess modern hardware facilities, green and beautiful environment and a library with plenty of books. All above provide our students superior circumstances.

Student Achievement

Our school has cultivated countless excellent people. One of our alumni, Dr. Cai Rui-xiong(蔡瑞胸), who is not only a chair professor of University of Chicago but also an academican of Academia Sinica, is the most outstanding in academic field. Moreover, many of the alumnae and alumni have become significant people in all walks of life. During these years, with the cooperation of all teachers, students and parents, we've made our school a "three good" school (good in character, study, and capability). We guide students to possess the spirit of humanism and cultural conservation. We also encourage studnets to execute the unity of knowledge and action and become active learners. With all the efforts, Sanguang has transformed into a school which the teachers and students feel proud of.

School Characteristics

* Character Education: It's a big honor for Sanguang to receive the award of Character Education Featured school by Ministry of Education. We think good character is essential so that we make great efforts to guide students proper behavior in daily life.

* Reading Education: Sanguang has won "Best Reading Award of Junior High Schools" twice. We value students' reading education very highly. Sanguang develop a school-based curriculum to promote students' reading comprehension abilities and develop interests in reading. We encourage students to read by themselves,
